

Ms. Grant:

In response to your letter dated April 8, 2008 concerning our amended February Monthly Report:

1. \$5,580.36 in interest was paid on February 29, 2008 on our loans to BOA. It is listed in NGP in the ""note to FEC"" as interest.
2. Alfred Spatola was a ""bounced check"" multiple times and I think it worked out that it was between cycles, but he is now correct. Arthur F. Gianelli is corrected.
3. The decrease in the amount of debt is because our Director of Compliance (who is no longer with the campaign) gave us the originally filed debts. However, once we started preparing for our audit we found that she had incorrectly added up invoices, included invoices for January 2008, included amounts that had been paid, etc. Hopefully, the correct amount of debt has now been filed. We will file amended reports if the amounts change again.
4. The offsets on Line 20 (a) are monies paid to us by individuals and committees for office equipment that we were disposing of after the Senator withdrew from the Presidential Campaign. Again, in NGP, we noted what equipment was sold. Is there someplace else we need to list these items? The monies from Joe Slade White were refunds for media buys in New Hampshire. The \$11,699.35 from Bank of America was interest from the CD the committee had with them as a guarantee for the credit card.
5. The loan papers were filed by our Compliance Officer and attorneys when we took out the loans. If you need another copy, we can provide them.
